THORNE ROAD SMILE NEWSLETTER

ENGAGE
EMPOWER
ENHANCE

Welcome to Thorne Road SMILE's winter newsletter. We have had a busy time lately. Some of us have just completed a sewing course led by the W.E.A Adult Education charity and we have made our own aprons!

Some of us performed at SMILE's Got Talent. What a fantastic day we had!

We had a visit from The Community Recycling Team. They came to talk to us about recycling our rubbish. They were impressed with how much we knew about recycling!

We had such a great time at Stirling SMILE's Elvis Day. We even had our picture taken with Elvis!

Some of us have worked with Debbie Mallinder who is SMILE's Employment Lead and we have completed the Introduction to Food Safety Course!

We were invited by Friends of Sandall Beat Woods, to go and help them plant some young tree saplings on behalf of the Rotary Club Memorial. This is also great for the environment and will encourage more wildlife to the area!

Our recycling group had a visit to the Balby Recycling Centre. We were shown around and found out lots of interesting things about what goes where and why! It was great to get out and learn new things!

We had a great Halloween Party! We played lots of games, decorated Halloween biscuits and carved some marrows. Everyone got dressed up in their scariest Halloween costumes!
